# Cloudant Service Instance – Launching Dashboard & Creating Databases

The screenshot displays the Cloudant Dashboard interface in a web browser. The browser's address bar shows the URL: `https://5e67ddf0-6dd2-49ef-ba49-548e2376d5fa-bluemix.cloudant.com/dashboard.html`. The dashboard has a dark sidebar on the left with various icons for navigation. The main content area is titled "Databases" and includes a "Database name" dropdown menu, a "Create Database" button, and icons for JSON, a book, and a bell. Below this, a section titled "Your Databases" contains a table with the following data:

Name	Size	# of Docs	Partitioned	Actions
db_login	79 bytes	3	No	
db_test1	41 bytes	2	No	
veye_users	286 bytes	6	No	

At the bottom of the dashboard, it indicates "Showing 1-3 of 3 databases." and "Databases per page 20". The Windows taskbar at the bottom shows the system time as 23:17 on 26-11-2022, with a temperature of 80°F and "Partly cloudy" weather.
